In appointing an Agent for the United States, the Company has empowered him "to appear to and accept any action or legal proceedings insti-tuted against or by said Company, in the same manner as if the Company were a Corporation or Company established by the laws of the United States, or any of the several States." PROVISION FOR PAYMENT OF LOSSES IN

THE UNITED STATES. A SPECIAL PERMANENT FUND HAS BEEN PLACED AT THE DISPOSAL OF THE AGENT AT PHILADELPHIA, TO ENABLE HIM TO ADJUST AND PROMPTLY PAY ALL Losses, WITHOUT REFERENCE TO LONDON. LIBERAL TO THE INSURED.

The uniform course of the Company has always been a liberal one towards Policy Holders. No just claim has ever been disputed, and prompt payment of losses is a standing rule. During the past year, losses exceeding \$525,000 were paid. Losses paid as soon as the amount is ascertained. ANNUAL INCOME. The Income of the Company is now about \$1,

CAPITAL OVER 350,000 DOLLARS, AND CONSTANTLY INCREASING. The Charter of this Company offers more favorade advantages to the farmer and others, than any Company chartered in the State, by insuring with or without a premium note. If the applicant prefer, he can pay the full amount of the premium in each, or by effecting a cash insurance for two years, the insured saves one-eighth of the amount he would otherwise have to pay; year. This is the advantage resulting from the

combination of the CASH AND MUTUAL PRINCIPLE. This Company commenced issuing Policies against loss or damage by fire, on the 13th day of March, 1854, since which time over seven thousand seven hundred persons have insured and become nembers of the Company, and over seventy thousand dollars have been paid for losses. Having increased our business during the past year, we feel grateful for the liberal patronage bestowed upon the Company thus far, and for its flattering prospeets of future usefulness. The Directors hope and believe, that, by prudence, caution, and a rigid system of economy, they will establish for this Company a reputation for cheapness and safety not surpassed by any Company in the U. States. All differences in settlement of losses, may be determined by three disinterested arbitrators of the County where such loss happened, to be mutually chosen by the insured and the Company.

MISCELLANEOUS READING. Dun .- This word, generally supposed to be derived from the French donnez, owes its origin, according to the British Apollo of September, 1708, to one Joe Dunn, a famous bailiff of Lincoln, England, in the time of Dorsey, Padgett, Bradshaw, and Castleman. Henry VII. He is said to have been so extremely shrewd in the management of his rough business, and so dexterious in the collection of dues that his name became proverbial, and whenever a man refused to

pay his debts, it grew into a prevalent custom to say—"Why don't you dun him?

A Model Dun.—The following is a copy of the dunning letters Morris & Willis are sending around to those who are in arrears for the Home Journal. It is the most delicately done dun we ever read :

HOME JOURNAL OFFICE, 17 FULTON St.,) NEW YORK, ---, 1860. DEAR SIR; In the hurry of your engage-

ments, you have doubtless overlooked and forgotten, as a trifle, the small sum of a year's indebtedness to the Home Journal; but as rivers are kept running by the drops of falling dews so it is necessary to our continuance that the falling dues should come punctually to the fountain head. By dropping your due into the post office, for us, you will oblige. Yours with respect

MORRIS & WILLIS. The above can't begin to approach the following from the Christian banner of June 21st:

"If our subscribers and brethren have no sympathy for us in our severe trials and painful afflictions, we appeal to their sense of honor and justice to send us the amounts of their subscription due us for the Christian Banner. We have stated again and again that we have note after note to pay in Bank, and that this is one of the most trying periods through which we have passed for years. What little money we do collect, we have to place immediately to the payment of some pressing debt, or debts, except the insignificant pittance appropriated to table expenses. To keep from actual starvation we are forced to go in debt for meat and meal, aud for the last several days, we have been compelled to borrow money to pay for our marketing. Before God, heaven, and all earth, this is a shame! We had rather die and take chances in the unknown future than to be forced to breathe out our existance thus. We labor and toil, both day and night, doing work sufficient for five men in order to serve the Church and give satisfaction to our readers and the public, and can't boast of a single luxury, and scarcely the actual necessaries of life. Whether our friends like it or not, we are forced to speak we cannot go, without wreck and ruin, un-

less we obtain immediate relief. The delinquent subscriber who is obdurate enough to resist the Banner's appeal, deserves to be "kicked to death by grasshop-
